

# *Meal Prep Sunday*

461L Final Project Presentation

Jenny Plunkett, Kyle Sikora,  
Stephanie Darnell, Hannah Peeler

# Motivation

Meal prepping can be daunting when first starting out

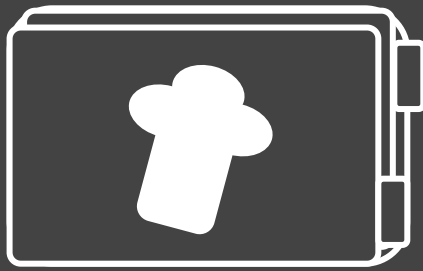

Keeping track of recipes is difficult

We want to encourage and simplify meal planning

# Overview of Functionality

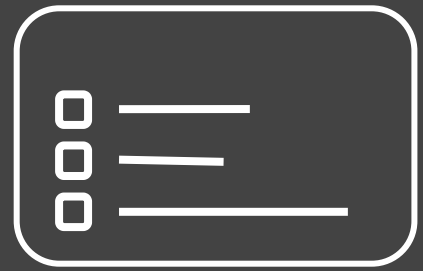

- Add, edit, and delete recipes
- Import recipes from Yummly API
- View public recipes and add likes to your favorites
- Select Recipes to make for a shopping trip
- Create grocery list based on selected recipes

Recipes

Planner

Grocery List

# Technical Details

- Google Firebase Realtime Database & Hosting
- HTML
- jQuery
- JavaScript
- Material Design Lite ([getmdl.io](https://getmdl.io))

*Demo*

*We want to encourage and simplify meal planning*

*Thank you*
